**LETTER OF NOTIFICATION**

Date: April 5, 2021

Re: Proposed Lake Management Program – Putnam Lake

The Town of Patterson and the Putnam Lake Park District are planning to continue a Lake Management Program for Putnam Lake in 2021. The Program will focus on application of the products **Earthtec, Cutrine Plus and Cutrine Ultra** for control of Planktonic and Filamentous algae. The treatments will be performed by Limnology Information & Freshwater Ecology, Inc. (L.I.F.E, Inc), a lake management firm registered with the New York State Department of Environmental Conservation (No. 02882) and employing NYSDEC Certified Applicators. The NYSDEC permit applications will be submitted requesting approval for the application of the algaecides.

Treatments are anticipated to occur between May 1 and September 31, 2021 and will proceed only after The Town of Patterson obtains NYSDEC Aquatic Pesticide permits authorizing the treatments. Aquatic pesticide applications will only occur when target algae is present to warrant treatment and under favorable weather conditions. Prior notification of the exact dates of treatment will be provided to the Town of Patterson prior to any treatment. The shoreline of the lake will be posted with yellow warning signs before the application stating the water use restrictions of **Cutrine Plus, Cutrine Ultra and Earthtec.**

The product labels are on file with the Town of Patterson for your review and are also available at <https://lifeincponds.com/>.

WATER USE RESTRICTIONS FOR **CUTRINE PLUS, CUTRINE ULTRA & EARTHTEC** are as follows:

**Water Use Restrictions**  
Swimming & Bathing

**Restriction Days:**  
24 hours for Earthtec

Animal Livestock Watering:	NO Restrictions
Fishing Consumption	NO Restrictions
Irrigation or spraying of agricultural crops	NO Restrictions
Use of water for domestic purposes is prohibited for	NO Restrictions
Use of potable water is prohibited until the water bodies MCL is	200 PPB or Under

The application rate for both products is 200PPB; the potable water threshold will not be exceeded by the application proposed for the Lake.

As a riparian owner if you have any questions or wish to objections to the proposed treatment, please contact the following agency in writing within 21 days of receipt of this notice. Lack of comment will be considered consent to the treatment and water use restrictions.

Bureau of Pesticides  
NYSDEC, Region 3  
21 South Putt Corners Road  
New Paltz, NY 12561-1696

If you need further information regarding the treatments, or require hard copies of the product labels, please contact Richard Williams, Supervisor 845-878-6500 or L.I.F.E., Inc. at 845-227-8805 during business hours.

Sincerely yours,

---
